EDUCATION

Texas A&M University | College Station, TX

Expected in May 2029

BS: Computer Science | Craig & Galen Brown Engineering Honors

TECHNICAL SKILLS

- **Languages/Frameworks:** Java, Python, JavaScript, React, HTML, CSS
- **Tools:** GitHub, Visual Studio Code, Figma, Premiere Pro, Photoshop, Canva, Excel, Word, Powerpoint

EXPERIENCE

Syncria

Co-Founder & Frontend Developer

June 2025 - Present

- Co-founded **AI-powered platform** that consolidates student data from multiple sources, organizing it by class and recency
- Developing the site **from scratch**, including frontend architecture and **SQL databases** using **React, TypeScript, and Python**
- Participating in **business operations**, including market research, strategy planning, and **hiring an intern** for data scraping
- Designed Figma prototypes to refine UI/UX and launched a **social media marketing** campaign across Instagram and Shorts

FLiNT

Freshman Engineer

College Station, TX

August 2025 – Present

- Conceptualized and proposed a **\$1,000** engineering project to faculty for a street-legal vehicle, integrating **Google Coral TPU**, dual-camera sensors, and microcontroller systems to enable lane-assist functionality and real-time autonomous control
- Relunched Texas A&M-affiliated club website with leadership, improving UX and engagement for **hundreds** of annual visitors

TechMeKid

Front-End Development Intern

June 2025 – July 2025

- Redesigned a client's website through leading development of the events page, and generated a **30% increase** in impressions
- Translated **Figma prototypes** into responsive, accessible layouts using HTML, CSS, and JavaScript
- Collaborated with **20+ developers** through GitHub, code reviews through Slack, and pipeline planning over Zoom

NeuralSeek

AI Agent Development Intern

July 2025 – September 2025

- Built and deployed a functional **AI agent** that parses YouTube Music playlists and converts them into .txt files
- Gained **hands-on training** in generative AI and prompt engineering; earned **Level 2 AI Agent Builder Certification**
- Expanded professional network through collaborative projects and **industry mentorship**

Verses & Vibes Nonprofit

Web Developer & Outreach

June 2025 - Present

- Designed and launched the **nonprofit's promotional website** to support connections for the elderly through weekly meetings
- Integrated mobile support for highlighting events, volunteer opportunities, and awareness; **20+ weekly visits**
- Assisted with **chapter outreach** by starting the Dallas chapter at Rambling Oaks retirement home

Kumon

Center Assistant

Flower Mound, TX

December 2022 – December 2024

- **Promoted twice** within two years for consistent performance, accountability, and increased responsibilities
- Taught kids aged 5 – 16 in Math topics ranging from arithmetic to **calculus**, utilized Kumon's proprietary software and **Excel**

ACTIVITIES

UT Austin IOS App Development Camp

- Completed **125+ hours of Swift training** under **Prof. William Bulko** in July 2024

MHS Stocks Club – Vice President

- Organized virtual stock market competitions and grew **membership to 30+** through targeted promotional flyers

Academic Competitions & Recognition

- Social Studies UIL – **Captain** | District 3rd, **Region 5th** (2023–2024)
- DECA | **State Competitor** (2024–2025) and Academic Decathlon | **Regional Medalist**, Gold Team Medalist (2024)
- **National Merit Finalist** for being top 1% of over 1.5 million high school seniors and received **President's Endowed Scholarship**
